Society of Petroleum Engineers

Gulf Coast Section

Subject: Summer Internships for SPE-GCS Scholarship Recipients

Here's an opportunity for your company to help the Gulf Coast Section of the Society of Petroleum Engineers attract talented high school students to the petroleum engineering industry. You can be a sponsor of the Society of Petroleum Engineers - Gulf Coast Section (SPE-GCS) 2010 Petroleum Engineering Internship Program. The internship(s) your company provides will be offered to one of the 2010-2011 scholarship recipients from the Houston area that is pursuing petroleum engineering related studies in college. Sponsors have the opportunity to review all the applications of the winners and make offers to the respective candidates.

Internships can be given in any discipline. The goal of the internship is to expose the student to the petroleum industry and hopefully, convince them that the petroleum industry is the right choice for his or her future. All internship sponsors will be acknowledged in the SPE-GCS newsletter and highlighted in a presentation at our annual SPE-GCS awards banquet.

Thank you to all the companies that have historically provided internships to our scholarship recipients: Altus Well Experts, Anadarko, BP, Chevron, Devon Energy, ExxonMobil, Hanover, Maersk, Weatherford, and W&T Offshore Incorporated. We hope all these companies and more will provide internships this summer.

If you have any questions, please feel free to contact Gabrielle Guerre by phone or email at 713-750-5491 or gabrielle_guerre@ryderscott.com. You can also contact Deepak Gala at 281-260-1407 or deepak.gala@weatherford.com.

Thank you in advance for your support,

A handwritten signature in cursive script that reads 'Gabrielle Guerre'.
