

SPE Gulf Coast Section - Reservoir Study Group Sponsorship Opportunities

Reservoir Technology Symposium – May 14, 2020

(Venue: BHP - 1500 Post Oak Blvd, Houston, TX 77056)

Who Are We?

Our purpose is to serve as a forum for Petroleum Engineers and Geoscientists to network and disseminate the knowledge and technology needed to achieve the many objectives of Reservoir Management, including understanding risk, increasing production and reserves, and maximizing recovery.

What is the Reservoir Technology Symposium?

The Reservoir Technology Symposium is an annual event hosted by the SPE Gulf Coast Section Reservoir Study Group since 2010. Our main objective is to provide attendees with an opportunity to learn and discuss, with highly recognized speakers, the latest and trending reservoir management topics as well as sharing top technology development.

Strength in Number:

In the past 10 years, the Reservoir Technology Symposium has been continually growing in popularity, quickly adapting to better serve the Reservoir Engineering community's technical needs. The symposium has an average of 160 attendees.

Interested in Sponsorship?

For more information about the Reservoir Study Group and our upcoming events, please visit our website, <http://www.spegcs.org/study-groups/reservoir>.

If you would like to sponsor, please contact

- Kiran K. Venepalli (Kiran.Venepalli@cmgl.ca)
- Raul Esquivel (Raul_Esquivel@oxy.com)

We are a non-profit organization 501c3 (tax exempt).

What does SPE do with our generous sponsor's donations?

The funds donated to the SPE-GCS become college scholarships for deserving students, pursuing STEM degrees. It aims to encourage and increase interest in the energy industry. Additionally, the SPE-GCS collaborates with Communities in School Houston (CISH) to help at-risk students. If you would like to know more about it, <http://www.spegcs.org/spegcs-scholarship-fund>

In addition to improve visibility to oil and gas professionals, event sponsors are also entitled to the following benefits:

Benefits to Sponsor the Reservoir Technology Symposium	Platinum* \$5,000	Gold* \$3,000	Silver \$1,500	Bronze \$1,000
