The Society of Petroleum Engineers (SPE) is a non-profit professional association of more than 141,000 dues-paying members from 144 countries working in the oil and gas industry.

The SPE Gulf Coast Section (SPE-GCS), established in 1935, is the largest of the Society of Petroleum Engineers’ 204 sections with more than 11,400 members in the 29-county area surrounding Houston, Texas. SPE-GCS provides a forum for oil and gas professionals to exchange technical knowledge, develop their careers and network with other local SPE members.

OUR MISSION

The SPE-GCS enhances technical knowledge among our members through local study group meetings and conferences, promotes professional development and networking in our industry, supports local education initiatives and performs community service in the Greater Houston area.

OUR MEMBERS

About 39% of SPE-GCS members work at oil companies, 27% work at oilfield service companies and 34% work at oil-related companies and academia or are retired. More than 16% of our local members are under age 35, including over 1,200 Student Members in five local Student Chapters.

SUPPORT OF EDUCATION

The Gulf Coast Section awards over $175,000 annually in scholarships to Houston area students that are pursuing science and engineering majors in college. We also try to get internships for them, host career fairs, judge science fairs, volunteer in local schools, and support our five SPE Student Chapters at HCC, University of Houston, Rice University, Texas A&M and Prairie View A&M University. Financial support comes from our tournaments and events.

GOVERNANCE

SPE-GCS is a volunteer organization run by a Board of Directors with Committees and Study Groups for various topics. SPE is a nonprofit, educational and charitable organization under Section 501(c)(3) of the Internal Revenue Service code, which means that donations to support our organization are tax-deductible.

WAYS TO ADVERTISE

DIGITAL CONNECT

SPE-GCS publishes a digital copy of their newsletter to over 11,400 members each month. There are 5 different advertisement sizes available to purchase each month.

e-Newsletter

SPE-GCS sends a digital newsletter to their entire active member database of over 11,000 members two times a month.

Website Homepage

SPE-GCS offers 6 advertisement spaces on the homepage which is viewed over 36,000 times a month.

CONTACT SPE-GCS TO ADVERTISE TODAY
The Society of Petroleum Engineers Gulf Coast Section Newsletter is now offering copies of Connect exclusively online in a beautiful magazine-like format allowing viewers to flip through the pages and easily click links on points of interest. Digital copies of the current Connect issue, as well as all archived issues, are available on spegcs.org/Connect.

**BENEFITS OF GOING DIGITAL**
- Increased advertising space.
- Direct link to advertisers website on each ad gives direct access to viewers.
- Advertisers can provide targeted URL’s for their ads to track metrics.
- Digital newsletters have more longevity because they live online and the reader can easily pull up old issues in an organized system.
- Flexibility with advertising space, size, and placement for optimum attractability with readers.
- All digital newsletters promoted twice a month through the e-Newsletter and on spegcs.org.
- Copies of the digital newsletter are sharable through social media channels to attract a larger audience. SPE-GCS promotes through their organizations official Facebook, LinkedIn and Twitter accounts each month.
- Reducing paper and ink waste to benefit the environment.

**REACH**
- Over 1,600 impressions per month
- Over 550 reads per month

**AD SIZES AND FILE FORMATS**
Only high resolution PDF files converted to a CMYK and 300 dpi will be accepted. All fonts and images must be embedded in your PDF. Please set your file size to the dimensions listed below. Ads submitted with the wrong dimensions will not be accepted.
